Colourthin Classpack contains 360 pencils

Lakeland has been a firm favourite with generations of children, and now there's a whole family of Lakeland products to enjoy. All are made to the highest standards of quality and safety, and represent excellent value for money. All Lakeland pencils come in sturdy plastic wallets, while the most popular options are also available in class packs.

For the very young, Lakeland Jumbo is specially designed for small hands to grip, with a chunky, hexagonal barrel and extra wide, break resistant strip. They come in 12 bright colours, together with a graphite version for writing and drawing.

For children of all ages, Lakeland Colouring is a traditional, round barrelled drawing pencil available in 12 colours, while Lakeland Painting is a watersoluble version which can be used wet or dry to create both drawings and paintings. Lakeland Graphite provides an ideal introduction to the pleasures of sketching and comes in five versatile degrees, 2H -2B and refill packs of 12.
