

STEP-BY-STEP DEMONSTRATION

DERWENT METALLIC

Shimmer and shine, fun and sparkle

Pansies (Finished drawing 4"x 4")

INTRODUCTION

A shimmering selection of 12 highly reflective pencils guaranteed to add sparkle to sketches, drawings and all kinds of creative projects. Derwent Metallic works particularly well on dark backgrounds and can also be used with water for interesting line and wash effects.

MATERIALS USED:

Derwent Metallic pencils used:
88 Pink, 89 Purple, 86 Yellow,
91 Green

Somerset Velvet black 250gms

1 Copy the line drawing as shown using 88 Pink for the two petals at the back plus the large bud, 89 Purple for the remaining three petals and smaller bud and 86 Yellow for the leaves and stalks.

2 Begin by using 89 Purple and starting at the outer edge of the three front petals work with a firm pressure, 'flicking' the pencil towards the centre, avoiding the dark section of the pansy face.

The 'flicking' technique begins with a firm pressure which eases off as the stroke lengthens and the pencil is lifted.

DERWENT METALLIC

Shimmer and shine, fun and sparkle

Pansies (Finished drawing 4"x 4")

Drawings and techniques by Fiona Peart

3 Continuing now using the 88 Pink, working from the outer edge inwards create the outer petals. Use the same technique for the bud. Continue to use the same 'flicking' technique.

4 Now using 91 Green, and continuing to use the same 'flicking' technique, begin on the outer edge of each leaf working towards the centre.

5 Using 89 Purple, firmly apply the pigment to complete the buds.

Using 86 Yellow and a firm pressure, complete the face. Apply a gentle pressure to produce the beard.

Firmly add the stalks and blend a little 86 Yellow onto each leaf to define it's shape.
