"Beautifully vibrant versatile pencils used dry to create depth or wet to release intense colour."  
Stephen Ormerod

- Inktense washes out like ink.
- Firm texture like a pen.
- Bright, vibrant shades are translucent.
- Once dry, the colour wash is permanent and can be washed over with other media, wet or dry.
- The clarity and transparency of the wash is excellent.
- Very little water is needed to make the colour go a long way.
- Quick drying, very little bleed occurs.
- Can be used in conjunction with watersoluble media, eg. Graphitint, Aquatone, Watercolour pencils.

# INKTENSE

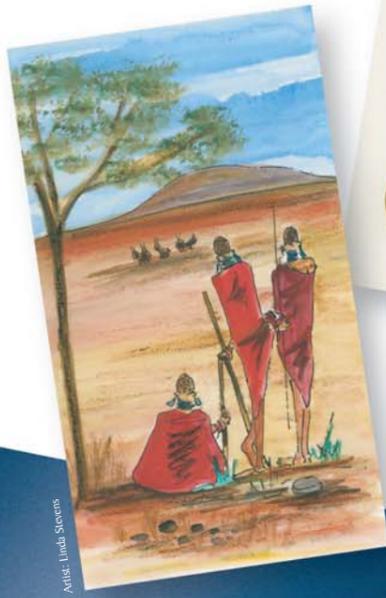

...brilliant colour at a stroke

Artist: Angela Gaughan

"I found the intensity of colour in the Derwent Inktense range very exciting. There was pure brilliance of colour when the pencils were used dry and when water was added it produced very thin transparent washes. I am looking forward to experimenting more, the possibilities are endless."  
Angela Gaughan

"Instant, brilliant colour – Fashion designers and illustrators will be delighted."  
Linda Stevens

Artist: Linda Stevens

This fabulous new pencil from Derwent combines the brilliant intensity of pen and ink with the versatility of line and wash. Inspired by the traditional painting styles of the East, Derwent Inktense can be used dry for rich, intense colour or washed out with a little water to create a vivid translucent effect. Once dry, the colour is permanent and can be worked over with other media. For a vibrant line and wash effect, draw a sketch with the non-soluble Inktense Outliner, add colour with Inktense then apply a light wash.

Derwent Inktense is available in 23 strong, vibrant colours which work beautifully on their own or can be mixed together to create rich, subtle tones. The pure, clear colours are perfect for bold, expressive drawings, including fashion illustration, landscapes and stylised greetings cards. As versatile as watercolour pencils, but with a firmer texture, Derwent Inktense performs like traditional ink.

Derwent Inktense is available individually, in a blister pack of six or in assorted tins of 12 or 24. The non soluble Inktense outliner is available separately and is included in the tin of 24.

Artist: Carole Gray

"What a statement you can make with such a delicate pencil! Perfect for fine work but with punchy glowing colours."  
Carole Gray

1. Leaf and Field greens are combined for distant trees.  
2. Wet brush touches the tip of each of the green pencils, the resulting blend is then transferred to paper to depict image of distant trees.

1. Blossom painted as a wash.  
2. Sharpen Fuchsia and Poppy Red into palette and add water to produce a wash.

1. Stones drawn in Charcoal Grey.  
2. Brush dipped in clean water washes over dry drawing.

Trudy Friend created this drawing and explains some of the techniques she used in the drawing process.
